Available for Zoom or Microsoft

Unified Communications

Zoom announced recently that coming soon their users will be able to join Microsoft Teams meetings as effortlessly as they utilize the Zoom Rooms platform. What does this mean? It means that you have more choices than ever to choose hardware regardless of the conferencing platform being used.

While we provides several Zoom Rooms solutions, we have many products that easily cross into other platforms. All of these products are tried and tested and found to meet the highest quality standards and reliability.

UC Conference Quick Packs

Not everyone is married to their conferencing platform. In these cases where the rooms encourage the use of individual devices and platforms we have a solution. Our UC Conference Quick Packs are designed to allow anyone

to join a meeting utilizing any platform on their device. A dedicated docking station can easily be added for single cable connectivity. Available only for a limited time.

Conference Wall Solutions

Heckler Credenza

Introducing your latest problem-solver. This new credenza from Heckler allows you to mount all of the components for your conferencing system before you ever leave the shop. This unique design allows for a new way to deploy conferencing systems. Once you arrive on site you simply mount the bracket and hang your new credenza on the wall!

A few final connections and you will be ready to meet! This is way more than a rack, the new Heckler credenza solves all of your ADA requirements while looking like a new piece of functional furniture has been placed in the room.

- Variable Rack Unit Sizes
- Easy Configuration
- Easy Installation
